Exchange Men Hold Meeting

Improvements Will Soon be Made

A meeting of the members of the Lindsay Fruit Association was held at the packing house Wednesday morning and some matters of importance were discussed and acted upon. Attendance was good, there being barely room to admit the members.

The first matter to be taken up was adding to their packing house the sweating of fruit. Experiments have proven that the sweating of oranges for color makes them more acceptable to the eastern markets. After a short time of deliberation on this matter it was unanimously decided to put on an addition to the present packing house at a cost of about \$8,000.

The next subject was regarding the organization of an exchange in Lindsay, similar to the Tulare County Fruit Exchange, managed by W. B. Prott. This subject furnished food for reflection and many arguments were presented. It was finally agreed to have an exchange in Lindsay if possible and a committee was authorized to confer with other associations relative to joining with the Lindsay Exchange and to proceed with the organization. It was hoped many to have the new association ready for business this fall.

With these two matters passed upon, the Lindsay Fruit Association adjourned and the Lindsay Packing house convened. The same matters were taken up and acted upon in the same manner as the Fruit Association.

City Council Does Business

Bills are Passed and More Claims Considered

An adjourned meeting of the city council was held July 26th at the council chambers. All members were present.

After reading and approving the minutes of the special meeting, June 30th, and the last adjourned meeting, a communication from the State Building and Loan Society, objecting to the payment of a license tax, was read. After discussing this matter at some length it was decided that the payment of the tax by this society and also by the Western Union Telegraph Company and the Wells-Fargo Express Company be suspended until further consideration.

The following claims were reported favorably by the finance committee and ordered paid as soon as there is sufficient money in the treasury:

Mathes Hardware Co.	\$0.40
H. G. Mason	31.25
Sisson & Parker	17.10
A. A. Forster	8.30
Keeley & Keeley	15.90
Citrograph	97.75
Lindsay Mercantile Co.	2.25
Brisco-Moorley-Redmond Co.	5.65
Spalding Lumber Co.	2.08
Lindsay Gazette	160.50

Total \$341.18

The claim of Fuller and Powers, \$200 for professional services, was referred back to the finance committee.

The reports of the treasurer and town marshal were audited by the finance committee and found correct.

A Letter From Giant Forest

O. S. Gard Writes Entertainment ly of the Forest

The following communication has been received from O. S. Gard, who is spending a vacation at Giant Forest:

Giant Forest, Calif., Sierra Camp.

Dear Mr. Editor—When one sees or hears anything good, it adds a peculiar zest to the pleasure to share that joy with others. We are having such an enjoyable recreation in the "forest primeval," among the gigantic trees, that we want to share it with our friends.

There are in our party Messrs. David Chase, Ralph Metcalf, Clarence Stenquist and myself, Mesdames Chase, Metcalf and Gard. Soon after our arrival we found our friends Cadwallader and Collins and families encamped and enjoying themselves hugely. The climate is a happy medium, neither too hot nor too cold, with plenty of cold spring water and delightful scenery.

These gigantic trees—who can describe them? Enough to say that to see them marks a distinctive epoch in one's life. I was about to say that I would not have missed seeing them for a hundred dollars, but the inspiration, the thought that comes to one as he beholds them, and the precious memory that lingers with one afterwards cannot be reckoned in dollars and cents. Lew Wallace said that "when God walks the earth his footsteps are sometimes centuries apart." Certainly this is one of God's footsteps. They fill

Buys Interest In Aerodome

E. W. Plummer now Owns a One-Third Interest

Next Sunday, July 31st, E. W. Plummer takes a one-third interest in the Aerodome Theatre, and one good first-class show will be given at the Aerodome only.

It is the intention of the new management to run the Aerodome in the summer time and the Crystal in the winter.

The papers were signed today.

The consolidation of the theatres is a wise move, as Lindsay is not yet large enough to properly support two.

he is not to be compared with one of these.

A more ideal place to camp would be hard to find. The evergreen forest, the sloping mountain sides, the refreshing spring water makes one wish to linger here for the summer. There are enough wild animals to give excitement and break the monotony. Some of our party have seen at different times seven deer, a coyote, a mountain lion, and this morning we were awakened by a call to come and see a mother bear with her two cubs in a tree within the camp. This certainly was a delight. Then on Sunday we had the pleasure of conducting the first public service ever held at this place. Out in the open with the blue sky above us, the giant trees around us, the people seated on a great rocky ledge, we attempted to worship Him who is the Creator and Preserver of the world.

lic service ever held at this place.

Out in the open with the blue sky
above us, the giant trees around us,
the people seated on a great rocky
ledge, we attempted to worship Him
who is the Creator and Preserver
of all these things. In the evening
we gathered around the campfire to
hear Mr. Meredith relate his inci-
dents in his trip around the world.

By the way, when we return, you
must ask Mr. Metcalf to see his
cane, or he will be offended. For
the benefit of those who might think
of going, I append the following
rates and prices:

RATES AT GIANT FOREST

Hotel rates: First-class board and
bed per day, \$2.50.

Camping privileges free on applica-
tion to manager. Tent bottoms built
to order. Lumber for all purposes
supplied to order.

Hay and grain for stock at rea-
sonable prices.

Fresh meat, milk, butter, eggs, all
groceries and provisions at Giant
Forest store.

No dogs permitted in park. No
stock permitted to run at large.

O. S. GARD.

Dr. A. W. Perry Died Yesterday

Funeral Service at the Grave in the Afternoon

Dr. A. W. Perry died at two o'clock
yesterday morning, July 28, 1910,
after suffering for three months from
dropsy. Eight operations were per-
formed upon him in that time. A
nurse had been in constant at-
tendance for the past ten weeks.

Mr. Perry was fifty-four years of
age and was a native of the state of
Michigan. Six years ago he came
to Lindsay, where he has since fol-
lowed his vocation, that of a veteri-
nary surgeon.

The funeral services were held at
the grave in Olive cemetery, Rev.
E. E. Giffen of the Presbyterian
church saying a few words, also some
songs by Mesdames Wormer and
Evans and Robert Eddy.

No relatives of the deceased are
living in this state, but he has a
daughter in Minnesota, two sons in
South Dakota and another daughter,
Mrs. Lathrop, in Texas.

The doctor was married the second
time. He was of a good hearted dis-
position but was his own worst
enemy.

His suffering the last few months of
his life were intense and death no
doubt gave to him a desired relief.

Big Fire in Round Valley

Three Sections of Fine Feed Burned

A fire swept about three sections
in Round Valley Wednesday after-
noon. It started about 4 o'clock in
the afternoon and auto loads were
taken from Lindsay to aid in the
fight. At about 8:30 Wednesday eve-
ning the fire was brought under con-
trol. The heavy losers were the Gill
interests and Mr. Crooks. The Gill
interests had paid as high as \$1 an
acre for some of that feed land and
the loss will come heavily upon
them. No one seems to know how
the fire started, except that a man
and a couple of boys went by in a
rig after which a fire was noticed.
These hillside fires all tend to re-
duce the horse and cattle feed,
which works a hardship on the
growers of these animals.

NOTICE TO THE PUBLIC

The Lindsay Water & Gas Com-
pany's pumping plant is now complet
and the company is ready to furnish
water to the people of Lindsay. Call
at the office of the company and sign
applications for water.
